DEATH OF CLAUD STROUD, NORMAL STUDENT

How well could I have spared for thee, young swain,
Enow of such as for their bellies' sake
Creep and intrude and climb into the fold.

A profound gloom has been cast over the entire student body of the normal by the untimely death of one of its most respected members, Claude Stroud. Silent, friendly, patient, energetic, Claude has gradually made himself felt as a force in the affairs of the school and the activities of the student body.

Claude came to us last September from Whelen Springs, Arkansas. He has spent one year in the Arkansas State normal at Conway and has spent two years teaching. At his death he was twenty-five years of age.

He became sick last Thursday and did not go to school. He grew worse Friday, and the physicians began to treat him Saturday. He fought bravely for life, and the disease became too strong for him Sunday evening. He breathed his last this morning at eight. None of his relatives, except his father, were able to get here. The remains will be taken home for burial. The kindest sympathy of the students and faculty is extended to those suffering such a loss. May no other grief like this come to them soon.

A FRIEND.

MORE NEW CASES OF MENINGITIS

Meningitis is essentially a bad weather disease, and as has been the case on previous occasions, the recent spell has caused several new cases to appear at a time when it had almost entirely disappeared.

In the town two deaths have occurred, Claud Stroud and the child of W. A. Ellison. A child of Mr. and Mrs. Roberts, who live on 16th and Stockton, is reported to be suffering from an attack, and Georgia Pollock, a little girl ten or twelve years old, is ill with it at the home of her parents on East Main. John Hall, a negro on 6th street is also reported to have the disease.

With the return of fair and warmer weather, however, the malady will disappear from the community.

Dunham-Jones.

Sunday afternoon at 3 o'clock, at the home of the bride's parents, three miles west of Ada, the marriage of Mr. David Dunham and Miss Bessie Jones was solemnized, Rev. T. V. B. Mullinax officiating. The bride is the daughter of Mr. and Mrs. Frank Jones. Both young people are very popular among a host of friends in that community and have the best wishes of all.

CLOSE CALL FOR ELBERT REED

BULLET FIRED INTO CAR WINDOW PASSES WITHIN FEW INCHES OF HIS HEAD.

Last evening Elbert Reed, a son of W. J. Reed, had a very narrow escape from being killed when some miscreant fired into the Katy train near Hazel.

The train was going full speed when the would-be assassin fired into the window at which Reed was sitting. The bullet passed within a few inches of his head and one eye filled with the pieces of broken glass. The gun artist must have been almost on a level with the window, for his bullet also passed through the

window on the opposite side of the car.

It was feared at the time that Reed's eye might be badly injured, but this morning after a surgeon had given it attention, it was found that nothing dangerous was to be feared. Of course there was no clue to the identity of the man who did the shooting, but the officials of Seminole county will probably make a searching investigation of the affair.

UNSETTLED WEEK OF WEATHER COMING

Washington, March 24.—Fair weather over the greater part of the country with temperatures near or slightly below the season average during the next several days is promised by the weather bureau in a bulletin Sunday night.

"Rain or snow is probable, however," says the bulletin, "on Monday in the north Atlantic states and the extreme upper Ohio valley. The next disturbance of importance to cross the country will appear in the far west Tuesday or Wednesday, cross the middle west Wednesday or Thursday and the Atlantic states near the close of the week; this disturbance will be preceded and attended by a general rise in temperature and local rains in southern and rains and snows in northern states and be followed by considerably colder weather which will appear in the northwestern states Thursday or Friday."

TWO FEET OF SNOW COVERS KANSAS CITY

Kansas City, Mo., March 24.—Following the twenty-five-inch snow of yesterday and last night Kansas City today fought hard and long to resume street car service and clear the sidewalks in the business section.

Every hydrant in the city was turned loose, the water eating paths through the big drifts, while hundreds of shovel men fed the streams from the snow on the walks in an effort to keep basements from being flooded.

The heavy, wet snow, was shoveled off the roofs of a number of tall buildings, where it was feared the weight would cause a collapse. It was a common sight today to be warned to look out for the hurtling masses of snow coming from six and eight-story building roofs.

The Olathe and Leavenworth interurban lines have not been opened. In the city car service was resumed about noon, following an all-night and forenoon battle, the 1,000 employees of the Metropolitan, from clerks to superintendents, manning shovels, besides 1,500 extra men employed.

One car crew that was stalled a few miles out from Independence last night got through only after nineteen hours' continuous effort.

People leaving downtown at midnight last night did not get to their homes until 6 to 10 o'clock this morning.

Several crews whose cars were blocked could not be resumed for ten to fifteen hours.

The greatest trouble with cars running off the tracks.

Kansas City seemed to be in the center of the storm, and while through trains were slightly delayed train service was not generally impaired.

MODERN WOODMEN KICK ON RAISE OF RATES

Guthrie, Ok., March 23.—The Modern Woodmen of America will hold a state convention in Guthrie, April 22, to organize the eight hundred camps in this state into a solid force to fight for a reconsideration of the adjustment of rates which were increased at the recent session of the head camp in Chicago. E. C. Murphy of Guthrie, has been named state committeeman to direct the movement. There are eighteen thousand members in Oklahoma.

Miss Addie Tanner, who has been teaching at Sasakwa in place of her sister, Miss Lassie, who was ill for several days, returned home this morning, Miss Lassie being able to resume her work.

SUCCESS

"He has achieved success who has lived well, laughed often and loved much; who has always looked for the best in others and whose memory is a benediction."

That sounds mighty good and we believe in that kind of sentiment.

We have achieved a fair share of success in having built up a large business in Rexall Remedies. We feel gratified over this, because we know that when we sell a bottle of '93' Hair Tonic we have done somebody a great favor; that when we sell a box of Rexall Orderlies, someone has been relieved of Constipation; that when we sell a bottle of Rexall Sarsaparilla, some one will have a clearer head, a healthier liver and a lighter heart. This is a great line of Remedies there is a remedy for nearly every human ailment, and what is better each one of these is guaranteed. We refund the money if YOU are not absolutely satisfied. Now last night some of you may have been disturbed and greatly worried because Baby had a continuous cough, this is unnecessary, get a bottle of Rexall Cherry Juice and keep it in the house.

Rexall is the word. Rexall is the name. Rexall is King.

Buy it, try it, we'll make it good.

pire has given them the right to vote. Suffragettes of the civilized world will now point to barbarous China as being a long step ahead of Western nations.

Some people have very little idea of the propriety of things. For instance, the Tulsa World published a spring poem in its Sunday issue when an ode to the beautiful snow would have been more in keeping with the temperature of the day.

People who are laughed at for their constant use of big words may find comfort in the fact that it is usually some very short and expressive word that starts a fight. For instance, a man would not come anywhere near getting his head peeled for calling another a malicious prevaricator as he would if he just contented himself with — liar.

Vestal Howard Dead.

About 1 o'clock this morning Vestal Howard, a young man about twenty years of age, died at the home of his father, W. L. Howard, about four miles south of Ada. The remains were interred at Rosedale cemetery this afternoon.

The young man was stricken with meningitis Saturday and grew rapidly worse until the fatal end this morning. He was a promising young man and his death is a severe blow to his parents.

REV. ANDERSON CALLED

FOR ANOTHER YEAR

Yesterday afternoon the official board of the Christian church voted to recommend to the congregation that Rev. Leroy Anderson be employed as pastor for another year, and at the evening service the recommendation was unanimously accepted.

Mr. Anderson has served the church for the past two years, and his work has been fearlessly and faithfully done, and the church is fortunate in securing his services for another year.

A Musical Treat.

The people who were present at the entertainment given at the music hall Saturday evening by the Strollers quartet, enjoyed the excellent program and left the place feeling well pleased.

Each member of the company is a

R. E. Oglesby of Lamar, Colorado, is here on business matters. This is his first trip to this section, but he is so well pleased that he says it is not at all improbable that he may come back to stay. He states that T. E. Graham, who moved from Ada to Lamar last fall, is doing well.

Owing to the very bad weather, Saturday's crowd on the streets of Ada was largely missing, but a great many are taking advantage of the pretty weather to come to town today, and as a result an unusually large crowd has been on the streets most of the day and merchants appeared to be doing a fair amount of business.

We have bought the stock of Ladies Specialty goods formerly known as the Ladies Specialty Store at about 35 per cent on the dollar. This stock of high grade merchandise will be thrown on the market Wednesday, at prices never heard of before in Ada. The more you buy the more you will save. Pinnell Bros. 299-tf

Judge McKeown will leave tomorrow for Norman where he has been assigned to try one of the most famous cases of the state that of Bryan vs. Allen, involving the custody of a child of the parties in the case. The supreme court passed on it once and awarded the child to the father, but some new phase has developed and another suit instituted.

Because of the death of Claude Stroud, a normal student, the Normal quartet did not care to take part in the meeting of the Young Men's Democratic Club scheduled for tomorrow evening, and as the quartet was to figure prominently in the program the executive committee deemed it advisable to postpone the meeting for one week. The program appears in this issue of the News.

Listen Friends.

I don't want you to read this unless you have confidence in my word. For two years I suffered from a sore on my shin caused by an ax cut. I tried a great many remedies with no results. At last I went to Gwin & Mays, they sold me a box of "Gwin & Mays' Shin Salve," and the second 25c box cured that sore absolutely. I trust that my experience may help other sufferers.

Yours very truly,

LEWIS KEETHLEY.

I take great pleasure in recommending Nyal's Kidney Pills to my friends. You can get them from Gwin & Mays. Sincerely your friend, (Signed) J. P. Norton. eod&wtf

Morris to Quit.

New York, March 26—Carl Morris, the Sapulpa white hope, who was defeated by Jim Stewart here this week, left for the west Saturday. Whether Morris will ever fight again is a question. Billy Newman, his New York manager, said that Morris was going to Sapulpa to rest for six weeks but those who have followed the fortunes of the Oklahoman do not believe that he ever will be seen in the

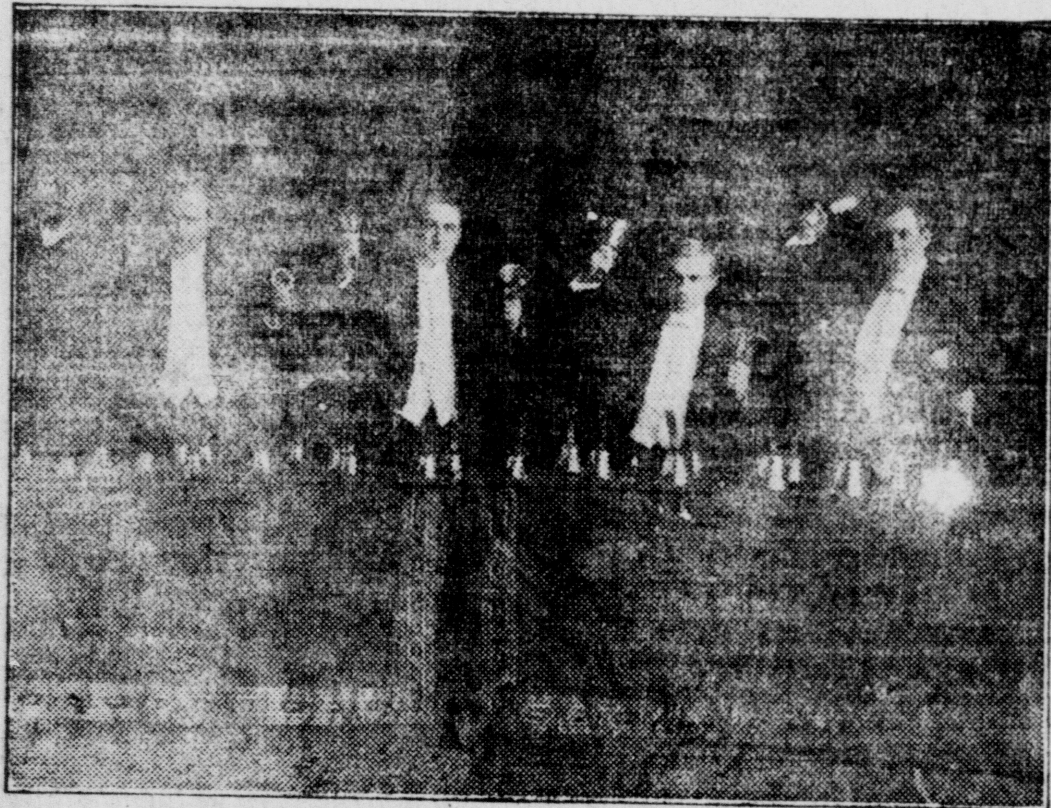

ring again. Morris admits that he cannot hope to get into condition to challenge back Johnson.

VIRGINIA OUTLAWS STILL AT LARGE

Galax, Va., March 24.—Claud Swanson Allen, the 22-year-old son of Floyd Allen and one of those indicted for the Hillville court house murders, has clearly eluded all pursuers, but his uncle, Sidna Allen, and cousins, Wesley Edwards and Fred Allen, are so closely pressed on the south side of the Blue Ridge that they probably will be captured within three days. This information came today from leaders of the hunt for the gang who March 14 swooped down on the Carroll county court, killed Judge Massie, Prosecutor Foster, Sheriff Webb, Juror Fowler and Miss Nancy Ayres and wounded two bystanders.

Claude Allen, who once attended a military school at Raleigh, N. C., and knows more of the outside world than the average mountaineer, it was learned today, took a pocketful of gold from the family cash drawer the night of the tragedy, put on his best clothing and vanished on horseback beyond the North Carolina line. Hope of finding him in the mountain region has now been abandoned.

Not so, however, with the three other outlaws, who are dodging about in the crevices of the Blue Ridge between here and Mount Airy. They have been seen at a distance, detectives having been within thirty minutes of them.

"I hope they will all give themselves up; they had better do it, for they have no chance at all," was the frank comment of Sidna Edwards, likewise indicted for murder, who was taken today for safekeeping to the Roanoke jail, where he joined his uncle, Floyd Allen; his cousin, Victor Allen, and his chum, Byrd Marion, all indicted for complicity in the court house shooting.

CAUSE FOR ALARM

Loss of Appetite or Distress After Eating a Symptom That Should Not Be Disregarded.

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicate indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health.

It is not what you eat, but what you digest and assimilate that does you good. Some of the strongest, heaviest and healthiest persons are moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge all in Ada who suffer from any stomach derangement, indigestion or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine, they are not perfectly satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefited by them. We honestly believe them to be without equal. They give very prompt relief, aiding to neutralize the gastric juices, strengthen the digestive organs, to regulate the bowels, and thus promote perfect nutrition, and eradicate all unhealthy symptoms.

We urge you to try a 25c box of Rexall Dyspepsia Tablets, which gives 15 days' treatment. At the end of that time, your money will be returned to you if you are not satisfied. Of course, in chronic cases, length of treatment varies. For such cases, we have two larger sizes, which sell for 50c and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store—Gwin & Mays Drug Co.

Neat Window Display.

We note with much interest the way some of our enterprising local dealers are putting forth every effort this spring to make their stores attractive. This week Ramsey Drug Co. whose progressive policy has been strongly shown this spring by their large, attractive advertisements in our columns, have a fine window devoted entirely to house paint.

On close inspection one finds not only the usual display of paint cans but long cards showing rows of houses in new and handsome combinations of colors for exterior painting. An attractive window border brightens the appearance of the whole store and draws much attention from the passers-by. It attractively illustrates how easily and well any shabby surface in or about the house can be fixed up. Ramsey Drug Co. deserves much credit for this window and we are sure it will prove of much benefit in reminding people of the many things around their homes that can easily be beautified at house-cleaning time.

Motherhood

The highest point of woman's happiness is reached only through motherhood, in the clasping of her child within her arms. Yet the mother-to-be is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. But for nature's ills and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of great value to every expectant mother. It is an emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will repay any mother in the comfort it affords before, and the helpful restoration to health and strength it brings about after baby comes.

Mother's Friend is for sale at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

Negro Contestants Organize.

The Associated Press carried a dispatch to the effect that the Roosevelt people are organizing a mass convention exclusively of negroes in every district in the state of Virginia. It is very frankly stated that this plan is being carried out for the purpose of electing contesting delegates to the republican national convention. It is said that each of the Virginia delegates instructed for Taft is to be contested by a negro.—Times-Democrat.

SERVICES AT THE CHURCH OF CHRIST

LAWRENCE STRIKE COMES TO AN END

Boston, Mass., March 24.—The great Lawrence strike which brought in its increased wages for 275,000 textile workers in New England, was officially declared off at all the mills in Lawrence today, having accomplished its purpose, in the opinion of the leaders.

In this connection it is generally believed, too, that advances in wages or reduction in hours to paper mill employees, bagging and burlap workers, machinists and operatives in other industries are all traceable directly indirectly to the movement which had its origin in Lawrence. The total number of persons thus to benefit is considerably upward of 300,000.

Advances in the prices of woolen and cotton goods which have been made or are in prospect, will probably place upon the ultimate consumer much of the burden of additional cost to textile manufacturers. This will aggregate between \$10,000,000 and \$12,000,000 during the next year. Mill agents in announcing the advance have frankly said that the upward trend is the result of wage increases.

The rise in the price of cotton goods, announced up to today, is comparatively small, a fraction of a cent a yard in most cases, but selling agent predict that the net advance to the retailer may reach 2c a yard. Some increased prices also have been quoted on woolen goods and dealers freely predict higher prices for next season.

New Bedford, where the manufacturers of finer grades of cotton goods have refused to accede to demands of their employees for an additional 5 per cent, has displaced Lawrence as the center of interest. Unless the mill owners give the increase within a few days it is feared a strike of 25,000 to 30,000 operatives will follow. While an increase of 5 per cent has been offered the New Bedford operatives are insistent that they receive 10 per cent. Secretary Devoll of the Manufacturers' Association has promised them that the owners will decide the matter early in the week. The suggestion has been made that an immediate increase of 7 1/2 per cent be made with the balance on a later date. This may be basis for a compromise.

WHY not give your lad the same training?

"When I was a growing lad, and came upon many words in my reading that I did not understand, my mother, instead of giving me the definition when I applied to her, uniformly sent me to the dictionary to learn it, and in this way I gradually learned many things besides the meaning of the individual word in question—among other things, how to use a dictionary, and the great pleasure and advantage there might be in the use of the dictionary. Afterwards, when I went to the village school, my chief diversion, after lessons were learned and before they were recited, was in turning over the pages of the 'Unabridged' of those days. Now the most modern Unabridged—the NEW INTERNATIONAL—gives me a pleasure of the same sort. So far as my knowledge extends, it is at present the best of the one-volume dictionaries, and quite sufficient for all ordinary uses. Even those who possess the splendid dictionaries in several volumes will find it a great convenience to have this, which is so compact, so full, and so trustworthy as to leave, in most cases, little to be desired."—Albert S. Cook, Ph.D., LL.D., Professor of the English Language and Literature, Yale Univ. April 25, 1911.
